# 5<sup>th</sup> International Conference on Smart Computing and Informatics (SCI-2021)

17-18 September, 2021

Organized by

**Department of Computer Science and Engineering**  
**Vasavi College of Engineering (Autonomous), Hyderabad-31, INDIA**  
(Accredited by NAAC with A++ Grade)

The aim of the 5<sup>th</sup> International Conference on Smart Computing and Informatics (SCI-2021) is to present a unified platform for advanced and multi-disciplinary research towards the design of smart computing and informatics. The theme is on a broader front focuses on various innovation paradigms in system knowledge, intelligence and sustainability that may be applied to provide realistic solutions to varied problems in society, environment and industries. The scope is also extended towards the deployment of emerging computational and knowledge transfer approaches, optimizing solutions in various disciplines of science, technology and healthcare. The conference proceeding aims the publication of quality and unpublished work.

The SCI 2021 invites manuscripts presenting the original work of researchers from Engineering, Academia and Industry. The topics relevant to the theme of SCI 2021 are listed below, however not limited to

### Conference Focus Areas

- Artificial Intelligence
- Computational Intelligence
- Cognitive Computing
- Cloud & Fog Computing
- Deep Learning
- Intelligent Control Agents
- Intelligent Agents
- Internet of Things
- Machine Learning
- Optimization Techniques
- Parallel & Scalable Computing
- Security Tools & Technologies
- Autonomous Agents
- Big data Tools & Technologies
- Stream Mining
- Social Media
- Knowledge - based Systems and Formal Methods
- Search Engines and Information Retrieval
- Real- time Analytics
- Security and Information Assurance
